1.4 The University of Mississippi Medical Center does not guarantee a parking space in the individual’s selected zone. The Stadium parking lot is designed for an overflow parking area.

B. REGISTRATION AND PERMITS/DECALS

2.1 Vehicles parked in designated lots and garages at The University of Mississippi Medical Center shall register the vehicle prior to parking in the lot/garage, unless the individual has been issued a temporary or a special permit/decal for the vehicle. Badge access will be given at that time for gated parking areas. Parking at Veterans Memorial Stadium (and at the Farmers Market property, when necessary) is available free to all students and any employee. Preferred parking spaces, which are limited in quantity and carry a fee, are paid a month in advance. Preferred parking assignments for employees will be based upon position, title or role. Positions, titles and roles are organized into hierarchical groups. Members within each group are prioritized by seniority, and waiting lists are maintained for each group, with access to preferred parking areas granted as spaces become available. The hierarchical groups are as follows:

Group A Administrative & Academic Officers
Group B Department Chairs
Group C Faculty
Group D Director/Administrator Level
Group E Staff

All preferred parking subscribers and all waiting list entries are assigned to one of the five groups. All subscriptions have access to only one parking space in one preferred (i.e., gated) lot. Access to gated lots will be controlled by a subscriber’s ID badge. Short-term subscriptions will be managed in the same manner as standard subscriptions. Each subscriber will register his or her vehicle with a maximum of three vehicles per subscriber. Lot# decals will be issued to each subscriber for each registered vehicle. Parked vehicles shall have the Lot# decal clearly displayed in the front/rear window. New employees will be assigned to a
group depending on their role. When existing surface lot parking spaces are displaced by construction, the parking assignments may be reset in all lots in accordance with the hierarchal groups and seniority within each group. Similarly, when additional preferred spaces are added, access to those parking areas will be assigned according to the hierarchy. Because of their unique role in the institution, residents are assigned a parking space and not charged a parking fee.

2.2 Any individual required to register a vehicle, shall furnish any or all of the following information:

(a) Name and employee number;

(b) Department name;

(c) Make, model, style, color, and year of manufacturer of the motor vehicle at the time of the registration;

(d) State license tag number of the motor vehicle at the time of registration; and

(e) Other information concerning the identity of the motor vehicle as may, from time to time, be required.

2.3 A Special Guest (PINK) hang tag with the approved parking date(s) may be obtained from the Physical Facilities Parking Office.

2.4 The University of Mississippi Medical Center shall prescribe the form of the permit/decal.

2.5 No individual shall display more than one permit/decal on any one vehicle.

2.6 The permit/decal shall be permanently affixed to the vehicle in a place and manner prescribed by The University of Mississippi Medical Center. Permits which are taped on vehicles or affixed in locations other than the prescribed location shall not be considered permanently affixed or properly displayed. Parking permits/decals are nontransferable. Hang permits must be properly displayed on the inside rear view mirror facing the front of the vehicle. Permits are the property of The University of Mississippi Medical Center and must be surrendered when one’s relationship with The University of Mississippi Medical Center or its agencies is severed or when parking is no longer desired.
2.7 Any regular employee/staff faculty/vendor of The University of Mississippi Medical Center that is eligible for parking may obtain a permit/decal for any vehicle brought to campus.

    (a) Permits/decals are to be utilized solely for the use of regular employees, as described above, and may not be secured for the use of a student, friend, or relative.

2.8 Vendors may apply for a permit/placard and hang tag through the Physical Facilities Parking Office. Vendor permits must be properly displayed on vendor vehicles in a manner prescribed by the Physical Facilities Office. Vendor permits/placard authorizes vendors to park in designated spaces on campus.

2.10 Any individual to whom a permit has been issued shall:

    (a) Remove any expired permit from the motor vehicle to which the expired permit is attached;

    (b) Change permits if his/her status at the university changes in a manner as to require a different permit; and

    (c) Remove any permit from the vehicle upon transfer of ownership or possession of the vehicle to which the permit is affixed.

2.11 If a permit issued to any individual under the provision of these regulations becomes marred, mutilated, or obliterated, or if because of damages to the vehicle the permit has to be replaced, or if the individual changes his/her status to a different classification during the year, the individual shall obtain a new permit.

2.12 A permit issued to be affixed to or used by one motor vehicle shall not be affixed or transferred to another vehicle operated by the permit owner.

2.13 A short term (BLUE) hang tag may be obtained from the Office of Parking Operations by:

    (a) Any staff who expects to operate or park any vehicle on the campus for up to 3 hours per day whose primary office is at an offsite location.
(b) Short term parking is paid for by the department at a rate of $15.00 monthly, charged via journal entry for each short term parker. The department’s Lawson accounting unit will be submitted to the Office of Parking Operations. The employee’s vehicle will need to be registered and a Short Term hangtag and badge access will be issued.

2.14 Any individual to whom a permit has been issued shall be responsible for any parking or registration violation(s) in which the vehicle is involved.

2.15 All faculty and staff members are expected to be aware of the state law regarding Mississippi license plates and insurance and to be in compliance with the law.

2.17 All refunds will be handled in accordance with The University of Mississippi Medical Center policy through the office of Parking Operations.
