PEDIATRIC PULMONOLOGY CLINICAL PRIVILEGES

Name: ____________________________________________

☐ Initial Appointment
☐ Reappointment

All new applicants must meet the following requirements as approved by the governing body effective: 8/5/2015.

Applicant: Check off the “Requested” box for each privilege requested. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, current clinical activity, and other qualifications and for resolving any doubts related to qualifications for requested privileges.

Department Chair: Check the appropriate box for recommendation on the last page of this form. If recommended with conditions or not recommended, provide condition or explanation on the last page of this form.

Other Requirements

- Note that privileges granted may only be exercised at the site(s) and/or setting(s) that have the appropriate equipment, license, beds, staff and other support required to provide the services defined in this document. Site-specific services may be defined in hospital and/or department policy.
- This document is focused on defining qualifications related to competency to exercise clinical privileges. The applicant must also adhere to any additional governance (MS Bylaws, Rules and Regulations) organizational, regulatory, or accreditation requirements that the organization is obligated to meet.

QUALIFICATIONS FOR PEDIATRIC PULMONOLOGY

To be eligible to apply for core privileges in Pediatric Pulmonology, the initial applicant must meet the following criteria:

Current subspecialty certification in pediatric pulmonology by the American Board of Pediatrics or the American Osteopathic Board of Pediatrics¹.

OR

Successful completion of an Accreditation Council for Graduate Medical Education (ACGME) or American Osteopathic Association (AOA) accredited residency in pediatrics followed by successful completion of an accredited fellowship in pediatric pulmonology and active participation in the examination process with achievement of certification within 5 years of completion of formal training leading to subspecialty certification in pediatric pulmonology by the American Board of Pediatrics or the American Osteopathic Board of Pediatrics².

Required Previous Experience: Applicants for initial appointment must be able to demonstrate provision of inpatient or consultative services, reflective of the scope of privileges requested, for a sufficient volume of patients during the past 24 months or demonstrate successful completion of an ACGME or AOA accredited residency, clinical fellowship, or research in a clinical setting within the past 12 months.

¹ No longer issued by AOA.
² No longer issued by AOA.

Reappointment Requirements: To be eligible to renew core privileges in Pediatric Pulmonology, the applicant must meet the following Maintenance of Privilege Criteria:

Current demonstrated competence and a sufficient volume of experience, with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges. Medical Staff members whose board certificates in pediatric pulmonology bear an expiration date shall successfully complete recertification no later than three (3) years following such date. For members whose certifying board requires maintenance of certification in lieu of renewal, maintenance of certification requirements must be met, with a lapse in continuous maintenance of no greater than three (3) years.

CORE PRIVILEGES

PEDIATRIC PULMONOLOGY CORE PRIVILEGES

☐ Requested  Admit, evaluate, diagnose and provide care to infants, children and adults with special needs or disease processes with conditions, disorders and diseases of the respiratory system, the lungs, cardiovascular and tracheobronchial systems, esophagus and other mediastinal contents, diaphragm, and circulatory systems. May provide care to patients in the intensive care setting in conformance with unit policies. Assess, stabilize, and determine disposition of patients with emergent conditions consistent with medical staff policy regarding emergency and consultative call services. The core privileges in this specialty include the procedures on the attached procedure list.

SPECIAL NON-CORE PRIVILEGES (SEE SPECIFIC CRITERIA)

If desired, Non-Core Privileges are requested individually in addition to requesting the Core. Each individual requesting Non-Core Privileges must meet the specific threshold criteria governing the exercise of the privilege requested including training, required previous experience, and for maintenance of clinical competence.

ULTRASOUND-GUIDED CENTRAL LINE INSERTION

☐ Requested  See Medical Staff Policy for Ultrasound-Guided Central Line Insertion for additional information.

Initial Privileging:

As for core privileges plus:

- Performance of at least 10 ultrasound-guided central line insertions in the past 24 months; and
- Completion of a UMMC ultrasound-guided central line insertion Healthstream learning module

Maintenance of Privilege:

As for core privileges plus:
PEDIATRIC PULMONOLOGY CLINICAL PRIVILEGES

- Performance of at least 10 ultrasound-guided central line insertions in the past 24 months; and
- Completion of a UMMC ultrasound-guided central line insertion Healthstream learning module

If volume requirements are not met, the following may substitute:
- Completion of ultrasound-guided central line insertion simulation training in the UMMC Simulation and Interprofessional Education Center; and
- Focused professional practice evaluation to include proctoring of the ultrasound-guided insertion of at least 5 central lines (femoral or internal jugular) within the first 6 months of re-appointment
CORE PROCEDURE LIST

To the applicant: If you wish to exclude any procedures, please strike through those procedures which you do not wish to request, initial, and date.

- Arterial blood gas sampling
- CPAP/BiPAP
- ETT placement—with or without bronchoscope assistance
- Examination and preliminary interpretation of sputum, bronchopulmonary secretions, pleural fluid, and lung tissue.
- Flexible bronchoscopy—with or without bronchoalveolar lavage
- Flexible bronchoscopy—with or without transbronchial biopsy
- Interpretation of methacholine challenge test; six minute walk test; exercise challenge; cold air challenge
- Manage and maintain indwelling venous access catheter (femoral and internal jugular access require special privileges for ultrasound guided central line insertion)
- Order respiratory services
- Order rehab services
- Perform history and physical exam
- Perform non-invasive ventilation
- Perform routine medical procedures (Venipuncture, skin biopsy, bladder catheterization, fluid and electrolyte management, foreign body removal from nose or ear, administer medications and special diets through all therapeutic routes, basic cardiopulmonary resuscitation, superficial burns, evaluation of oliguria, I & D abscess, interpretation of antibiotic levels and sensitivities, interpretation of EKG (for therapeutic purposes), lumbar puncture, arterial puncture and blood sampling, management of anaphylaxis and acute allergic reactions, management of the immunosuppressed patient, monitoring and assessment of metabolism and nutrition, pharmacokinetics, use of reservoir masks and continuous positive airway pressure masks for delivery of supplemental oxygen, humidifiers, nebulizers, and incentive spirometry)
- Perform waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal pH by paper methods
- Pulmonary function tests to assess respiratory mechanics and gas exchange, to include spirometry, flow volume studies, lung volumes, diffusing capacity, arterial blood gas analysis, and exercise studies
ACKNOWLEDGEMENT OF PRACTITIONER

I have requested only those privileges for which by education, training, current experience, and demonstrated performance I am qualified to perform and for which I wish to exercise at University Hospital and Health System University of Mississippi Medical Center, and I understand that:

a. In exercising any clinical privileges granted, I am constrained by Hospital and Medical Staff policies and rules applicable generally and any applicable to the particular situation.

b. Any restriction on the clinical privileges granted to me is waived in an emergency situation and in such situation my actions are governed by the applicable section of the Medical Staff Bylaws or related documents.
