School of Health Related Professions
The University of Mississippi Medical Center

Program Awareness Day

What is it?
This event is designed to acquaint potential students who have completed high school, attending college, or have graduated, and are interested in applying or learning more about the programs available at University of Mississippi Medical Center’s School of Health Related Professions.

Why should I attend?
If you are considering a health-related profession, this is an ideal opportunity for you to learn more about the careers available. Each profession is different; seeing the displays and demonstrations, as well as talking with current students and faculty, will help you clarify your career goals in a way no catalog or brochure can. In addition, you can sense the excitement and challenge of attending the state’s only academic health science center.

When is it?
Program Awareness Day will be held Friday, Mar. 7, 2014.

Where is it?
It will take place at the School of Health Related Professions on the campus of the University of Mississippi Medical Center (see map for directions).

Who should attend?
Individuals who are interested in a career in one of the following health-related professions are encouraged to attend:
• Medical Laboratory Science
• Doctorate of Health Administration
• Cytotechnology
• Dental Hygiene
• Health Informatics and Information Management
• Health Sciences
• Nuclear Medicine
• Occupational Therapy
• Physical Therapy
• Radiologic Sciences
• Magnetic Resonance Imaging (MRI)
